

Pupil premium strategy statement

This statement details our school's use of pupil premium (and recovery premium for the 2022 to 2023 academic year) funding to help improve the attainment of our disadvantaged pupils.

It outlines our pupil premium strategy, how we intend to spend the funding in this academic year and the effect that last year's spending of pupil premium had within our school.

School overview

Detail	Data
School name	Truro Learning Academy
Number of pupils in school	181 (age 4-11) 202 (age 2-11)
Proportion (%) of pupil premium eligible pupils	41% (74 pupils)
Academic year/years that our current pupil premium strategy plan covers (3 year plans are recommended)	2021-2024
Date this statement was published	December 2023
Date on which it will be reviewed	September 2024
Statement authorised by	Francesca Humberstone/Andrew Earnshaw
Pupil premium lead	Francesca Humberstone Head of School
Governor / Trustee lead	Aspire Trust Board

Funding overview

Detail	Amount
Pupil premium funding allocation this academic year	£88,755
Recovery premium funding allocation this academic year	£8845
Pupil premium funding carried forward from previous years (enter £0 if not applicable)	£0
Total budget for this academic year If your school is an academy in a trust that pools this funding, state the amount available to your school this academic year	£97,600

Part A: Pupil premium strategy plan

Statement of intent

Our school motto, 'Aspire to Achieve', applies to all pupils at Truro Learning Academy, and we expect all pupils to achieve their academic, social and emotional potential, no matter their background. We believe wholeheartedly that a high-quality education can transform lives, and ultimately enable all pupils to thrive in modern British society. Through our carefully designed curriculum enacted by expert teachers we aim to progressively develop secure knowledge and skills, allowing all pupils to succeed academically across a broad range of subjects.

The pupils of the school come from a range of backgrounds and we are curious about the barriers that they face in achieving their potential. We show that we are highly ambitious for them by setting high expectations and planning to support them to make rapid and sustained progress. We pride ourselves on knowing all pupils in our community well and treat each child with the same level of acceptance and respect that they deserve. We work hard at building positive relationships with our pupils and families in an environment that is nurturing and emotionally supportive. Through our holistic educational offer, we aim to instil in pupils a readiness to learn, develop resilience and grit, foster independence, and ultimately pave the way for a lifelong love of learning.

This aim has been challenged during the pandemic, and since the evidence suggests that families who already have barriers to overcome, such as lower incomes, have been more profoundly affected by school closures and disruption, our use of the pupil premium is more important now than ever.

Our pupil premium strategy is therefore founded on the following core principles:

- A recognition by all staff that attainment and progress should not be determined by financial background. The nationally recognised marker of 'disadvantaged' does not mean low ability.
- The expectation that all pupils, including those who are identified as 'disadvantaged', achieve the highest possible outcomes.
- Our approach will always be centred around the development of quality first teaching through ongoing professional development.
- Our use of funding is proactive and based on early identification of under achievement.
- Funding should allow all pupils in our community access to opportunities that were previously reserved for those from a more privileged background.
- Actions must be based on the most recent evidence, including learning from the Education Endowment Foundation. We only implement strategies that are known to demonstrably close the attainment gap, with a sharp focus on effective implementation.
- We regularly review our approaches and make changes when actions are no longer serving our aim of closing the attainment gap.

Challenges

This details the key challenges to achievement that we have identified among our disadvantaged pupils.

Challenge number	Detail of challenge
1	Monitoring and assessments suggest that 'disadvantaged' pupils start EYFS with under-developed spoken language skills and vocabulary gaps. These gaps can be seen from EYFS through to KS2 and in general, are more prevalent among our 'disadvantaged' pupils than their peers. This means the children are less able to express themselves and it makes it harder for them to understand the curriculum.
2	Assessments and monitoring suggest that 'disadvantaged' pupils generally have greater difficulties with phonics than their peers, particularly in Year 2. If they don't know their letter sounds, they struggle to read and understand their work. This negatively impacts their development as readers and learners.
3	Assessments and monitoring have identified that pupils' basic arithmetic skills have been significantly impacted following the sustained school closures. This has led to significant knowledge gaps and therefore pupils falling below where they should be. Although progress by the end of KS2 for 'disadvantaged' pupils was good in 2023 and 2024, progress in basic arithmetic remains a focus for the school for the academic year 2023-24.
4	Due to intermittent school and class closures, children have missed a significant amount of schooling. We have identified through our assessment that this has had a negative impact on their progression throughout the curriculum, particularly in reading and writing and in the early years. These findings are supported by national research undertaken by: DfE, Rising Stars, NFER and FFT state that the impact of COVID 19 means that the gap between 'disadvantaged' and 'non-disadvantaged' children's achievement is widening. Best evidence on impact of Covid-19 on pupil attainment EEF (educationendowmentfoundation.org.uk)
5	Assessment, observations, and discussions with pupils suggest more 'disadvantaged' pupils have lower self-esteem, poorer social skills and struggle with self-management compared to their peers. Pupil wellbeing has suffered through long periods at home away from school, as evidenced by an increase in referrals to the Early Help hub.
6	Our attendance data over the last four years indicates that attendance among 'disadvantaged' pupils was between 5.3 and 0.99 percentage points lower than for 'non-disadvantaged' pupils. Between 35.4% and 14.9% of 'disadvantaged pupils' have been 'persistently absent' compared to between 23.3% and 5.6% of their peers during that period. (see Glossary 4) Our assessments and observations indicate that absenteeism is negatively impacting 'disadvantaged' pupils' progress.

Intended outcomes

This explains the outcomes we are aiming for **by the end of our current strategy plan**, and how we will measure whether they have been achieved.

Intended outcome	Success criteria
To improve the oral language, communication and vocabulary of all pupils so that they can express themselves effectively and access the curriculum in Reception and Year 1 and beyond.	Assessments and observations indicate significantly improved oral language among 'disadvantaged' pupils. This should be evident when observing lessons and talking with pupils. The gap between 'disadvantaged' and 'non-disadvantaged' will close in the prime areas, as well as throughout the curriculum.
To improve reading progress and attainment for all pupils including the learning and application of phonics.	Achieve above national average consistently over time in the Phonics Screening Check (PSC), with the aim of 100% of 'disadvantaged' pupils passing the Y1 PSC by 2024/25. (see Glossary 5)
To improve outcomes at the end of KS2, preparing all pupils effectively for the next stage of their schooling.	'Disadvantaged' children in our school achieve better than the national 'non-disadvantaged' figures at KS2 by 2024/25.
To increase pupil wellbeing through development of self-management skills, social skills and self-esteem.	Assessments and observations will show an increase in confidence, self-awareness and self-regulation. As a result, 'disadvantaged' pupils will better succeed academically and in character.
To achieve and sustain improved attendance for all pupils, particularly our 'disadvantaged' pupils.	Sustained high attendance by 2024/25 demonstrated by: <ul style="list-style-type: none"> • Attendance for the year is above 96% for all children, with 'disadvantaged' children above 95%. • The gap between 'disadvantaged' and 'non disadvantaged' persistent absentees is reduced. Rates of persistent absence are better than national averages for both groups.

Activity in this academic year

This details how we intend to spend our pupil premium (and recovery premium funding) **this academic year** to address the challenges listed above.

Teaching (for example, CPD, recruitment and retention)

Budgeted cost: £45,800

Activity	Evidence that supports this approach	Challenge number(s) addressed
Quality first teaching in phonics through coaching, high staffing levels and regular high-quality training.	<p>There is very extensive evidence from the Education Endowment Foundation (EEF), to support the use of a systematic phonics programme with pupils in Key Stage 1. (see Glossary 6)</p> <p>Improving Literacy in Key Stage 1 EEF (educationendowmentfoundation.org.uk)</p> <p>Recommendation 3</p>	2
Embed whole class reading approach for KS2, with a focus on comprehension strategies and vocabulary acquisition.	<p>The EEF toolkit identifies that effective reading comprehension strategies that focus on the learner's understanding of written text using a range of techniques can enable them to make +6 months progress within a year when taught effectively.</p> <p>Reading comprehension strategies EEF (educationendowmentfoundation.org.uk)</p> <p>+ 6 months</p> <p>Improving Literacy in Key Stage 2 EEF (educationendowmentfoundation.org.uk)</p> <p>Recommendation 3</p> <p><i>'Just reading': the impact of a faster pace of reading narratives on the comprehension of poorer adolescent readers in English classrooms</i>, February 2018</p> <p>Ten teachers received additional training in teaching comprehension. Students in both groups made 8.5 months' mean progress on standardised tests of reading comprehension, but the poorer readers made a surprising 16 months of progress with no difference made by the training programme. Simply reading challenging, complex novels aloud and at a fast pace in each lesson repositioned 'poorer readers' as 'good' readers, giving them a more engaged uninterrupted reading experience over a sustained period.</p>	1, 4
Continuous Professional Development to ensure quality first teaching and support from all staff. Teaching Walkthrus ongoing Professional	<p>Evidence indicates that high quality teaching is the most powerful way for schools to improve pupil attainment, particularly for socio-economically disadvantaged students.</p> <p>Supporting continuous and sustained professional development is crucial to developing teacher practice. The content of professional development should be based on the best available evidence and should</p>	1, 2, 3, 4

<p>Development. Fund ongoing teacher release time/overtime for support staff to access high-quality training, including the NPQs.</p> <p>Coaching programme and bespoke and targeted CPD embedded with a focus on supporting 'disadvantaged' pupils, developing the Talk for Writing approach, NCETM curriculum implementation and curriculum planning in the foundation subjects. (see Glossary 7 and 8)</p>	<p>balance the need to build knowledge, motivate teachers, develop specific techniques, and embed new approaches.</p> <p>Mentoring and coaching can be an important source of support, particularly for early career teachers. Schools should carefully consider the core components that make these strategies effective when developing their approach.</p> <p>The EEF Guide to the Pupil Premium EEF (educationendowmentfoundation.org.uk)</p> <p>Effective Professional Development EEF (educationendowmentfoundation.org.uk)</p> <p>Recommendation 2</p> <p>How Does It Work — Teaching WalkThrus Multi-Platform Teaching Tools & Resources To Support Teachers - Primary Schools - Secondary Schools - Further Education - Coaching Tools - Webinars Oliver Cavigioli - Tom Sherrington UK</p> <p>The UK's Education Endowment Foundation (EEF) suggests that effective professional development delivers a number of key mechanisms. WalkThrus-based programmes can deliver all the mechanisms.</p>	
<p>Enhancement of our maths teaching and curriculum planning in line with DfE and EEF guidance.</p> <p>Teacher release time to embed key elements of guidance in school and to access Maths Hub resources and CPD (including Sustaining Mastery training). (see Glossary 9)</p>	<p>The DfE non-statutory guidance has been produced in conjunction with the NCETM, drawing on evidence-based approaches:</p> <p>Mathematics guidance: key stages 1 and 2 (covers years 1 to 6) (publishing.service.gov.uk)</p> <p>The EEF guidance is based on a range of the best available evidence:</p> <p>KS2 KS3 Maths Guidance 2017.pdf (educationendowmentfoundation.org.uk)</p>	3, 4
<p>Embed Number Sense to improve rapid recall facts and accelerate progress (EYFS/KS1) and introduce Number Sense Times Table Fluency (KS2).</p>	<p>Research shows that enabling pupils to develop a rich network of mathematical knowledge will increase attainment and the understanding of mathematics.</p> <p>https://educationendowmentfoundation.org.uk/education-evidence/early-years-toolkit/early-numeracy-approaches</p> <p>+6 months progress</p> <p>Improving Mathematics in the Early Years and Key Stage 1 EEF (educationendowmentfoundation.org.uk)</p> <p>Research Principles informing NSM Number Facts® Number Sense Maths</p>	3
<p>Improve quality of interactions and vocabulary development for all pupils in the EYFS,</p>	<p>As highlighted in the EEF guidance report Preparing for Literacy: "When done well, high quality interactions often look effortless but they are not easy to do well and professional development is likely to be beneficial."</p>	1

through whole class approaches and CPD for teachers and support staff.	EEF blog: The ShREC approach – 4 evidence-informed strategies... EEF (educationendowmentfoundation.org.uk) EEF Communication and Language (educationendowmentfoundation.org.uk)	
--	--	--

Targeted academic support (for example, tutoring, one-to-one support structured interventions)

Budgeted cost: £29,900

Activity	Evidence that supports this approach	Challenge number(s) addressed
Additional one to one and small group phonics sessions (supported by school-led tutoring) targeted at 'disadvantaged' pupils who require further phonics support. Training accessed through English hub and Read Write Inc (RWI) development days. (see Glossary 12 and 13)	Phonics approaches have a strong evidence base indicating a positive impact on pupils, particularly from disadvantaged backgrounds. Targeted phonics interventions have been shown to be more effective when delivered as regular sessions over a period up to 12 weeks. Phonics EEF (educationendowmentfoundation.org.uk) +5 months progress	2
Implementation of programmes (e.g. WellComm, Time to Talk) to improve listening, narrative and vocabulary skills for 'disadvantaged' pupils who have relatively low spoken language skills on entry in EYFS. (see Glossary 14 and 15)	Oral language interventions can have a positive impact on pupils' language skills. Approaches that focus on speaking, listening and a combination of the two show positive impacts on attainment. Communication and language approaches EEF (educationendowmentfoundation.org.uk) + 6 months	1
Targeted one to one and small group reading interventions in KS2 (e.g. phonics, fluency through repeated reading, small group comprehension). Activity supported by school-led tutoring funding.	Improving Literacy in Key Stage 2 EEF (educationendowmentfoundation.org.uk) Recommendations 2 and 7	4
Embed use of Number Sense to improve rapid recall facts and accelerate progress, particularly for pupils	Research shows that enabling pupils to develop a rich network of mathematical knowledge will increase attainment and the understanding of mathematics.	3

with SEND (interventions in KS2). (see Glossary 16)	Improving Mathematics in Key Stages 2 and 3 EEF (educationendowmentfoundation.org.uk) Recommendation 7	
---	---	--

Wider strategies (for example, related to attendance, behaviour, well-being)

Budgeted cost: £21,900

Activity	Evidence that supports this approach	Challenge number(s) addressed
Further develop role of pastoral and learning support mentor – enabling the school to target approaches for pupils and communicate effectively with parents.	Parental engagement EEF (educationendowmentfoundation.org.uk) + 4 months Working with Parents to Support Children's Learning EEF (educationendowmentfoundation.org.uk)	1, 5, 6
Forest School intervention sessions and Wild Tribe whole class lessons offer the opportunity to learn in a different environment and a different set of skills, supporting character development and wellbeing. Forest school is led and supported by two highly skilled practitioners and Wild Tribe led by trained HLTA. (see Glossary 20 and 21)	Full principles and criteria for good practice Forest School Association Forest Schools: impact on young children in England and Wales - Forest Research “There is much evidence to show that taking the curriculum outside can enhance the health and wellbeing of children, as well as encouraging them to be more active. The children learn to manage risks through use of tools, work together through teamwork challenges, gain appreciation and respect for nature and the impact that humans have on the environment and become more confident with raised self-esteem.” Wild Tribe - Wild Tribe - Arena Schools (arena-schools.co.uk)	5
Implement SEL interventions (Lego therapy, Draw and talk, emotional coaching, ELSA) with targeted pupils, to complement whole-school approach and in line with TIS ethos. (see Glossary 17 and 18)	Evidence suggests that children from disadvantaged backgrounds have, on average, weaker SEL skills at all ages than their more affluent peers. These skills are likely to influence a range of outcomes for pupils: lower SEL skills are linked with poorer mental health and lower academic attainment. Social and emotional learning EEF (educationendowmentfoundation.org.uk) + 4 months Improving Social and Emotional Learning in Primary Schools EEF (educationendowmentfoundation.org.uk) Trauma informed approaches aim to have a relational understanding of the specific child's needs, focus on building positive relationships and a clear consistently applied whole school approach to rewards and sanctions, along with effective routines. This mirrors	1, 5

	<p>the findings and recommendations from the EEF guidance report:</p> <p>Improving Behaviour in Schools EEF (educationendowmentfoundation.org.uk)</p> <p>our mission (traumainformedschools.co.uk)</p>	
<p>Improve attendance through targeted support for disadvantaged pupils, and taking action in line with DfE guidance.</p>	<p>The first part of this document sets out the principles underpinning an effective whole school strategy for attendance. The second part of this document outlines actions that school staff and local authorities may consider taking to improve attendance for all pupils, pupils at risk of persistent absence and pupils who are persistently absent (PA).</p> <p>Improving school attendance: support for schools and local authorities - GOV.UK (www.gov.uk)</p> <p>Working together to improve school attendance (publishing.service.gov.uk)</p> <p>Persistent absence and support for disadvantaged pupils - Education Committee (parliament.uk)</p>	6

Total budgeted cost: £82,115

Part B: Review of outcomes in the previous academic year

Pupil premium strategy outcomes

This details the impact that our pupil premium activity had on pupils in the 2022 to 2023 academic year.

Desired outcome	Progress made	Lessons learned and implications
A. To improve the oral language, communication and vocabulary of all pupils so that they can express themselves effectively and access the curriculum in Reception and Year 1 and beyond.	<p>Of the ten 'disadvantaged' pupils in the Reception cohort (22), eight achieved the Listening, Attention and Understanding ELG and eight achieved the Speaking ELG (national for all pupils was 79.7% in communication and language). 70% of pupils entitled to FSM achieved a GLD (national other 71.5% and national 51.6%).</p> <p>Explicit teaching of vocabulary forms part of delivery of our reading and nursery rhyme spine (builds on successful vocabulary teaching in KS2). Vocabulary triangles used effectively across the EYFS with progressive vocabulary modelled by adults in each area of the provision.</p> <p>WellComm intervention took place across 2022-23 with the Reception cohort, with all pupils making excellent progress and completing the programme. Early identification of children needing SALT with referrals made in nursery from 2 and up.</p> <p>Vocabulary progression in all developed TLA curriculum subjects.</p>	<p>Ensure that WellComm is fully implemented in the nursery, reducing the need for intervention in Reception.</p> <p>Subject leaders to continue to map vocabulary progression and all subjects to include key vocabulary in lesson design.</p>
B. To improve reading progress and attainment for all pupils including the learning and application of phonics.	<p>Ofsted inspection July 2023: 'Leaders have a sharp focus on reading. Children learn to read as soon as they start school. The well-thought-out phonics curriculum ensures that pupils learn the sounds that letters make.'</p> <p>100% of 'disadvantaged' pupils in Reception cohort achieved the Word Reading ELG. Accelerated progress of Reception cohort.</p> <p>By end of Y2 (June 2023), 83% of 'disadvantaged' pupils had passed the screening check (increase of 5 percentage points on previous year and in line with national 'disadvantaged'). By end of Y1 (June 2023), 50% of 'disadvantaged' pupils had passed the screening check (3 out of 6), working from a low starting point in EYFS.</p> <p>Catch up tutoring in place for all pupils below expectation.</p> <p>Regular, high-quality training in place through access to RWI training online and English hub. Weekly coaching now</p>	<p>Maintain high expectations of the Reception cohort as they move into Year 1, tracking progress towards PSC carefully.</p> <p>Boys attainment below girls in PSC – tailor intervention to meet the needs of this group.</p> <p>Accelerate progress of Y1 cohort to ensure more pupils are able to read and access the curriculum in KS1.</p> <p>Phonics to continue for targeted pupils into Years 3 and 4, including for pupils with SEND who did not pass screening check in KS1.</p> <p>Secure QFT across all phonics groups, with continued high staffing levels to ensure homogeneous groupings. Continue to prioritise weekly coaching to ensure it has high impact.</p> <p>Continue using catch up funding for 'disadvantaged' pupils who have fallen behind in phonics in Years 1 and 2.</p>

	<p>in place with improvements seen in QFT of groups.</p> <p>Developed a consistent approach to the teaching of reading across KS2, led by subject leader for English. Next steps post phonics are secure.</p>	<p>Ensure progression of questioning in KS2 reading to secure progress in line with national comparators.</p>																								
<p>C. To improve outcomes at the end of KS1 and KS2, preparing all pupils effectively for the next stage of their schooling.</p>	<p>KS1 and 2 'disadvantaged' summer 2023 data summary:</p> <table border="1"> <thead> <tr> <th></th> <th>KS1</th> <th>KS2</th> <th></th> </tr> <tr> <th></th> <th>EXS</th> <th>EXS</th> <th>Progress</th> </tr> </thead> <tbody> <tr> <td>R</td> <td>54%</td> <td>60%</td> <td>0.6</td> </tr> <tr> <td>W</td> <td>8%</td> <td>50%</td> <td>3.34</td> </tr> <tr> <td>M</td> <td>39%</td> <td>60%</td> <td>0.88</td> </tr> <tr> <td>RWM</td> <td>8%</td> <td>50%</td> <td></td> </tr> </tbody> </table> <p>KS1 reading is in line with national for 'disadvantaged' pupils and pupils made good progress over the course of the year.</p> <p>KS2 reading, writing and maths in line with 'disadvantaged' pupils nationally, with reading showing improvement on 2023. All progress is above national for 'disadvantaged' pupils. Improving data suggests impact of consistent, quality first teaching and use of catch-up funding.</p> <p>'Disadvantaged' pupils' mean score on multiplication check was 12 (national disadvantaged 18).</p> <p>IEPs and SMART targets were developed to ensure support is impactful on outcomes for 'disadvantaged' pupils with SEND. Good progress at end of KS2 for 'disadvantaged' pupils with SEND at SEN support.</p>		KS1	KS2			EXS	EXS	Progress	R	54%	60%	0.6	W	8%	50%	3.34	M	39%	60%	0.88	RWM	8%	50%		<p>KS1 cohort moving into KS2 to be closely tracked, particularly in writing and maths. Ensure QFT and interventions are in place. Continue to develop reading intervention across KS2, using EEF recommendations for improving literacy in KS2. Increase parental engagement in reading at home, with parental workshops and increased communication with home.</p> <p>Continue to ensure quality first teaching in maths through third year of implementing NCETM curriculum and Number Sense for fluency. Ensure fluency including times tables progression is mapped across KS2 and Number Sense Times Tables is introduced effectively.</p> <p>Develop robust tracking in year for 'disadvantaged' pupils across KS1 and KS2, through implementation of disadvantaged provision maps.</p>
	KS1	KS2																								
	EXS	EXS	Progress																							
R	54%	60%	0.6																							
W	8%	50%	3.34																							
M	39%	60%	0.88																							
RWM	8%	50%																								
<p>D. To increase pupil wellbeing through development of self-management skills, social skills and self-esteem.</p>	<p>Of the ten 'disadvantaged' pupils in the Reception cohort (22), nine achieved the Self-Regulation, Managing Self and Building Relationships ELGs (national for all pupils was 83.2% in PSED). This follows the successful implementation of WellComm intervention in Reception – improving pupils' early communication and interaction skills to improve behaviour and emotional regulation. In addition, implemented 'We Thinkers' in Reception class (see Glossary 19).</p> <p>Motional assessments and targeted interventions used to track progress for pupils with SEMH needs.</p> <p>Use of trauma-informed approaches developed with an additional TIS practitioner.</p> <p>Social skills and self-esteem interventions took place e.g. Lego therapy, with impact reviewed.</p>	<p>Maintain high expectations of the Reception cohort as they move into Year 1, ensuring they maintain their social and self-management skills.</p> <p>Develop SEL approaches to have greater impact on a higher proportion of 'disadvantaged' pupils.</p> <p>Targeted interventions training for proven strategies that have impact e.g. Draw and Talk, Lego therapy, ELSA.</p> <p>Specific SEND training for all staff for supporting pupils with SEND, particularly those who are ASD and ADHD.</p>																								
<p>E. To achieve and sustain improved attendance for all</p>	<p>Attendance for 'disadvantaged' pupils in 2020-21 increased by 4.2 percentage</p>	<p>Rigorous monitoring of attendance, particularly for 'disadvan-</p>																								

<p>pupils, particularly our 'disadvantaged' pupils.</p>	<p>points, whilst attendance for all pupils increased to be in line with national averages.</p> <p>In 2021-22, attendance for 'disadvantaged' pupils was lower than the previous year at 91.24% ('other' pupils' attendance was 92.23%), with 30.77% of 'disadvantaged' pupils persistently absent (compared to 23.26% of 'other' pupils).</p> <p>In 2022-23, attendance for 'disadvantaged' pupils increased slightly to 91.97% ('other' pupils' attendance was 93.95%) with 30.38% of 'disadvantaged' pupils persistently absent (compared to 19.18% of 'other' pupils). The gap therefore widened. This included high levels of authorised absence for illness.</p> <p>Trust policy has been implemented, led by pastoral and learning support mentor. Referrals to Early Help hub have supported individual families to attend school more regularly.</p>	<p>taged' children, which is the demographic most affected by poor attendance. Strict implementation of the trust policy, working closely with EWO.</p> <p>Teachers to meet with parents as soon as concerns or patterns arise.</p> <p>Targeted support for 'disadvantaged' persistent absentees, including following absence due to illness to support a swift return.</p> <p>This could include funded breakfast club places, in particular to support with punctuality.</p>

Service pupil premium funding

Measure	Details
How did you spend your service pupil premium allocation last academic year?	See desired outcome C
What was the impact of that spending on service pupil premium eligible pupils?	Improvement in progress and catch up with peers.

Glossary

1. Pupil premium is funding to improve education outcomes for disadvantaged pupils in schools in England. Evidence shows that disadvantaged children generally face additional challenges in reaching their potential at school and often do not perform as well as other pupils.
2. The recovery premium provides additional funding for state-funded schools in the 2022 to 2023 academic year. Building on the pupil premium, this funding will help schools to deliver evidence-based approaches for supporting disadvantaged pupils.
3. Disadvantaged pupils are defined as: Pupils who have been eligible for Free Schools Meals (FSM) at any point over the last 6 years, Pupils who have been looked after continuously for at least one day in the last year, and Pupils who have left care through a formal route such as adoption.
4. Persistent absence is when a pupil's overall absence equates to 10 per cent or more of their possible sessions.
5. The Phonics Screening Check (PSC) is a test for children in Year 1. Children take it during June in a one-to-one setting with a teacher.
6. EEF The Education Endowment Foundation (EEF) is an independent charity dedicated to breaking the link between family income and educational achievement.
7. Talk for Writing is an approach to teaching writing that encompasses a three-stage system: 'imitation' (where pupils learn and internalise texts, to identify transferrable ideas and structures), 'innovation' (where pupils use these ideas and structures to co-construct new versions with their teachers), and 'invention' (where teachers help pupils to create original texts independently). These tasks aim to improve writing ability by giving pupils an understanding of the structure and elements of written language.
8. NCETM (National Centre for Excellence in the Teaching of Mathematics). They exist to support anyone who teaches maths, and who wants to be even better at it. The NCETM is funded by the Department for Education (DfE).
9. Sustaining Mastery Training - This is training for all primary schools who have previously been involved in teaching for mastery via a Development or Embedding Work Group, or who are Mastery Specialist schools. It brings together schools across the Maths Hubs Network that are working on continued development to sustain their teaching for mastery approach to mathematics. Mastering maths means pupils acquiring a deep, long-term, secure and adaptable understanding of the subject. The phrase 'teaching for mastery' describes the elements of classroom practice and school organisation that combine to give pupils the best chances of mastering maths. Achieving mastery means acquiring a solid enough understanding of the maths that's been taught to enable pupils to move on to more advanced material.
10. Continuous provision describes all of the different provision areas which are available for children to use every day. Within each of these areas of provision there should be a core range of resources that children can use all of the time, throughout the whole year.
11. Early Excellence are an established national leader of pedagogy, provision and practice, specialising in young children's education. They champion the development of inspirational learning and teaching, offering expert advice, support and training to schools and settings across the UK.
12. English Hubs are funded by the Department for Education to offer support to local schools, academies and free schools to improve the teaching of phonics, early language and reading in Reception and Year 1.
13. Read, Write Inc (RWI) is a nationally recognised and funded scheme that aims to teach every child to read and write, and to keep them reading.
14. WellComm The WellComm toolkits were developed by Speech and Language Therapists at Sandwell and West Birmingham Hospitals NHS Trust with the aim of providing easy to use support for everyone involved with children. Requiring no specialist expertise, they quickly identify areas of concern in language, communication, and interaction development in order to ensure early targeted intervention.
15. Time to Talk is a Programme to Develop Oral and Social Interaction Skills for Reception and Key Stage One.

16. Number Sense is a systematic and structured programme enabling children to develop both a deep understanding of number and number relationships and fluency in addition and subtraction facts. Comprehensive professional development and support is included in the programmes to ensure teachers get the best possible outcomes for their children.
17. Trauma Informed Schools (TIS) A trauma informed school is one that is able to support children who suffer with trauma or mental health problems and whose troubled behaviour acts as a barrier to learning. The organisation supports schools, communities, and other organisations in providing relationships for these children that heal minds, brains, and bodies. Key conversational skills in addressing and making sense of what has happened are central to the work as is a major shift in whole school/organisation/community culture.
18. ELSA stands for Emotional Literacy Support Assistant. ELSA support in schools is a project designed to help schools support the emotional needs of their pupils. ELSA acknowledges that children and young people learn best when they feel happier and their emotional needs are being addressed. The initiative was developed and supported by educational psychologists who used knowledge of how children develop socially and emotionally and apply this knowledge to the needs of pupils.
19. We Thinkers is a social thinking intervention. The 'We Thinkers' curriculum has been developed to teach children the skills they need to think about themselves, and others and it teaches this in an explicit way. The children will learn about the social mind, social expectations, their own thinking and that of others to help them make better decisions and be better learners and interact successfully with their peers.
20. Forest School is a child-centred inspirational learning process, that offers opportunities for holistic growth through regular sessions. It is a long-term programme that supports play, exploration and supported risk taking. It develops confidence and self-esteem through learner inspired, hands-on experiences in a natural setting.
21. Wild Tribe is the Outdoor Learning programme from the Arena Sports Partnership. Practitioners complete a two-day award that delivers practical and theory sessions on; health and safety, site development and linking outdoor learning across a range of curriculum subjects. It teaches the skills of fire lighting, cooking outdoors, use of tools, knots and shelter building.
